

Not all of our International broadcasts go through TWR, such as Albanian and Turkish.

Albanian may be accessed via [Media 7](#). Turkish can be accessed via [Radio Shema](#). [Pan American Broadcasting](#) produces and airs our North Korean program, also, English broadcasts in E. & W. Africa.

All broadcasts are sorted "language-first" except for Ethiopia, where it is "country-first."

Coverage	Language	Local Time	Days	Frequency
