

A MATCH HAS BEEN MADE

With much praise to God and thanks to YOU, our loyal HOPE Family members, we announce the completion of the Summer Matching Fund!

As you may recall, the \$65K double match amount was \$195,000.00 and the end of the match period was August 15th. As of that date, a total of \$207,254.72 had been received.

God has poured out His blessing on HOH through you, and the Board and Administrative Team are seeking His guidance for the most effective use of these funds. **Please REJOICE with us and PRAY with us that many more people would come to know Jesus** through ministry expansion!

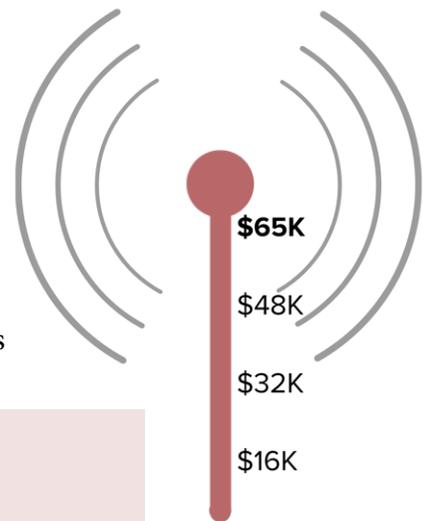

REACHING CENTRAL ASIA

Your generosity has provided \$12,054.72 for use in

beginning new broadcasting into Central Asia. And funds are still coming in for this!

Trans World Radio has offered us four broadcast proposals to this region of the world. The languages TWR is offering are:

- Kazakh
- Tajik
- Uzbek
- Central Asian Russian

CHANGE THE DATE?

Since February, trying to plan public events has been almost impossible! Even now, with varying restrictions from state to state, it's difficult to nail down a schedule. But we're prayerful, persistent, and optimistic.

The HOH Team is prepar-

ing a schedule of events for the fall months, but our larger banquets have already been cancelled. **We are planning a trip through the Southeast, South, and Midwest US in the month of October.** Most of these events will be hosted by local churches.

Stay tuned for upcoming details! And please pray that God will direct our plans, and their fulfillment, according to His purpose.

THE PRESIDENT'S VIEW

BUILDING UP THE TEMPLE

In my experience, children like to sing, “Building Up the Temple.” But when asked, they don’t have a clue about what they’re singing. Sometimes, I take a few moments to explain the concept of the church as a building, the need for working together, and building each other up in the Lord.

COVID-19 has revealed our need to focus on building up the temple. We don’t all have the same response to the virus. Some are fearful because their age or health history puts them in the “high risk” category. Others, whose risk is low, think the whole thing is overblown and they’re ready to get on with life. Our responses to these differences will either build the temple or tear it down.

In Second Corinthians 2:11, Paul reminds us that we’re not ignorant of Satan’s tactics. He wants to use this pandemic (and other issues) to drive a wedge between us as members of the Body. Both James and Peter reminds us to “be steadfast in our resistance” against him. So, what does that look like in the current environment?

First, I will resist the temptation to promote my “superior knowledge” and criticize my brother’s opinion. I will not assign to my sister the worst possible motives for her actions. I will discuss the issue without feeling personally threatened, or making others feel that way. I will resist the temptation to condemn others for making choices different than mine.

Mask wearing is just one “flash point” in this issue, so I’ll use it as an illustration. In Pennsylvania, our governor has mandated mask wearing in public places. I hate wearing a mask! Initially, I was very negative toward those who meekly followed the governor’s orders. Eventually, I realized I was looking at the situation selfishly. And the Holy Spirit began to convict me!

I noticed that both groups were sometimes disrespectful to each other. Some non-wearers looked down on those “sheeple” who followed the mandate. Likewise, the mask wearers scorned those who didn’t wear one as “hating granny.” I made the choice to wear one if a store or business asked me to. I especially wore one when we had family members with symptoms.

When our congregation resumed our regular assembly, not everyone was comfortable with attending. We were okay with that. We wanted each person/family to feel as comfortable as possible.

BIBLE BULLETIN

Recently, we received reports from Pastor Umba in the DRC.

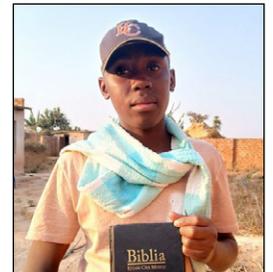

We visited a poor family in Kamaibwe, and helped them study the *Hope News* tract in their language (Kiluba). They were delighted to learn about salvation. The whole family cannot read, except their first son. He read the Scripture for his parents.

This boy, Jean Paul, received a Holy Bible. We praise the Lord that he led his family to Christ and they are now attending church.

We spent a couple of days in a poor Medical Center, taking the Gospel and distributing *Hope News* tracts.

A young man, Justin, met Christ as his Savior. We gave him a Bible.

We were surprised to hear the Principal of the Medical Center ask us:

*‘Why don’t you distribute more literature and Bibles in hospitals during this worst time of COVID-19? **Many people need God now!** You as a Christian are hiding God from those who need Him.’*

This touched my heart. May God give us direction about those who need Him now.

RADIO LISTENERS RESPOND!

INDIA : HINDI LANGUAGE

From April to June, our Hindi-radio ministry partners received 169 phone calls and text messages! Please pray for Hindi-speaking listeners!

“I live in a small village. I accepted Jesus as my Lord and Savior in December 2019 after listening to your radio programs.

Our family is very poor, and my father and elder brother do labor work in other’s fields. Previously, I turned on my radio set to listen to songs of Christian Hindi radio programs, but when the message started, I used to turn it off. But one day when I was listening to the song, I forgot to turn off my radio and heard the whole message which touched my heart. That very day I accepted Jesus in my life and started listening regularly.” - Pravesh, 16 years old

“I am a regular listener of your Hindi radio programs. Due to the super cyclone (in May), the mobile services in our locality are badly affected. I am unable to call or receive any call. Sending a text message is the only option for me to communicate.

“
The only source for me to listen to the Word of God is radio.

The only source for me to listen to the Word of God is the radio. This cyclone has made a great damage in our area. Many people are still staying in the shelter made by the government since their houses have been destroyed.” - Santanu

BUILDING UP THE TEMPLE, CONT.

If they wanted to wear a mask, fine. If not, fine again. We decided we wouldn’t judge or criticize the decisions of others.

There’s room for discussion about the seriousness of the disease, the government’s response, etc. But there’s no room for tearing down a brother or sister because we don’t agree with their opinions or choices. “Building Up the Temple” is more than a song for children. It’s a command from Scripture. Let’s check our obedience!

Jesus Christ High Priest Forever

by J. Otis Yoder | \$7

Hebrews is like an address given in the synagogue. It surely was written by the direction of God’s Holy Spirit. His Spirit will direct our understanding of its deep truths. A careful reading of Hebrews reveals the emphasis as the High Priesthood of Jesus.
